Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Applicants hereby petition that the requirements of 37 CFR 3.81 be waived to enable correction of Applicants' error in the incorrect listing of the Assignee's name in item three (3) of the Issue Fee Transmittal as "Machlachlan & Donaldson", which resulted in the wrong name of the Assignee being listed on the front page of U.S. Patent No. 7,214,185 B1. A copy of the request for issuance of a Certificate of Correction and the requisite fee are submitted simultaneously herewith.

In particular, an assignment was filed for U.S. Patent Application No. 09/936,840, now Patent No. 7,214,185 B1, was recorded at Reel/Frame 012451/0526 on January 7, 2002, which properly lists the Assignee's name (i.e., Gaya Limited).

SEP 29 2008 U.S. Patent No. 7,214,185 B1
Application No. 09/936,840
Docket No. 741890-18

The error for which correction is herein requested occurred on the Issue Fee Transmittal form (PTOL-85B) submitted March 27, 2007 when the Assignee's name was not properly listed. This error was inadvertent and clerical in nature.

The proper listing of the Assignee's name is important to those reviewing issued patents to designate the true owners of a particular patent. Specifically, it is important for the patentee to properly receive business inquiries from interested parties. It is also important to the interested public so that the proper owners are recognized and available for business discussions, for instance, when the subject patent is noted during a search. Without the requested Certificate of Correction, the patentee could lose potential business opportunities and the public could be misinformed. Consequently, the patentee respectfully requests that the Certificate of Correction be granted in this patent.

A copy of the recorded assignment for U.S. Patent No. 7,214,185 B1 is submitted herewith as true and accurate proof of the Assignee's name.

✓ The Petition Fee amount of \$130.00 under 37 C.F.R. 1.117(h) and any additional fees or overages due in connection with this patent and the requested actions should be applied to Deposit Account No. 19-2380.

Respectfully submitted,

Lynette E. James**REQUEST FOR CERTIFICATE OF CORRECTION**

Certificate of Corrections Branch
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

In reviewing the above-identified patent, several errors of a clerical nature were discovered therein requiring correction in order to remove these mistakes from the issued patent. None of the below corrections to the patent should be considered substantive in nature, but instead are merely corrections of obvious clerical errors contained therein.

The errors noted are set forth on the attached copy of Form PTO-1050 (Rev. 3-82) in the manner required by the Commissioner's Notice.

Specifically, upon review of the drawings of the issued patent, the following errors were noted:

A large "X" is marked over each of Figs. 5-7. Consequently, replacement drawings are required for Figs. 5-7 for removal of the large "X" therefrom.

11107157.1

U.S. Patent No. 7,214,185 B1

Application No. 09/936,840

Docket No. 741890-18

This error resulted from a failure of the USPTO to properly enter an after allowance amendment under 37 C.F.R. 1.312 filed on March 27, 2007. In the amendment after allowance, Applicants requested the entry of replacement drawings for Figs. 1-4 and the deletion of Figs. 5-7. Along with the replacement drawing sheet for Figs. 1-4, a sheet for Figs. 5-7 was filed therein with the large "X" over the figures showing Figs. 5-7 were marked for deletion.

However, instead of deleting Figs. 5-7, as was requested, the USPTO erroneously issued the patent with the "X" marked Figs. 5-7.

Thus, to remedy the error the Patentee wishes to have formal replacement drawings for Figs. 5-7 entered via Certificate of Correction that remove the "X", and thereby clearly depict each feature of the invention shown in Figs. 5-7, instead of filing a costly Reissue Application to remove Figs. 5-7 at this stage.

Upon review of the front page of the issued patent, the following errors were noted:

The Assignee's name (i.e., Gaya Limited) is incorrectly listed (i.e., Maclachlan & Donaldson).

This incorrect listing originally occurred on the Issue Fee due form (PTOL-85B) dated March 27, 2007, and thus was incorrectly listed on the front page of the above-referenced patent.

As provided by the Notice of Recordation of Assignment Document (i.e., Reel/Frame 012451/0526) dated January 7, 2002, the assignment was submitted for recordation before issuance of U.S. Patent No. 7,214,185 B1 on May 8, 2007, to assign interest to Gaya Limited.

Applicants inadvertently listed the Assignee's name as "Maclachlan & Donaldson" (Applicants' Irish counsel) on the Issue Fee due form (PTOL-85B), which resulted in its printing on the front page of U.S. Patent No. 7,214,185 B1.

Thus, for the reasons stated in the accompanying Petition under 37 C.F.R. 3.81(b), the Patentee respectfully requests that --Maclachlan & Donaldson-- be deleted from the front page of U.S. Patent No. 7,214,185 B1, and replaced with --Gaya Limited-- as provided in the attached Certificate of Correction (PTO-1050).

Furthermore, as seen in line 2 of the Abstract, the term "though" should actually be --through--. Thus, the Patentee requests that in line 2 of the Abstract "though" be deleted, and in its place --through-- be inserted.

U.S. Patent No. 7,214,185 B1
Application No. 09/936,840
Docket No. 741890-18

Furthermore, upon review of the written disclosure the following typographical errors were noted:

As seen in column 2, line 50, the term "patients" should be deleted and in its place --patient's-- should be inserted.

As seen in column 3, line 25, the term "patients" should be deleted, and in its place --patient's-- should be inserted.

As seen in column 3, lines 45-46, the term "surgeons" should be deleted, and in its place --surgeon's-- should be inserted.

As seen in column 3, line 47, the term "and" should be deleted, and in its place --an-- should be inserted.

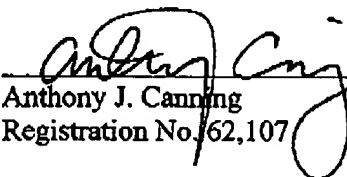

As seen in column 4, line 16, directly after the term "position" a comma --,- should be inserted.

Thus, for the reasons stated above, the Patentee respectfully requests the correction of U.S. Patent No. 7,214,185 B1.

The Commissioner is hereby authorized to charge any fees connected with this filing which may be required now, or credit any overpayment to Deposit Account No. 19-2380.

Respectfully submitted,
